Benefit Plan Provisions:	
Reimbursement Level	Cigna Dental will reimburse according to the Maximum Reimbursable Charge. For this plan, the MRC is calculated at the 80th percentile of all provider allowed amounts in the geographic area. The dentist may balance bill up to their usual fees.
Calendar Year Benefits Maximum	The plan will only pay for covered charges up to the yearly Benefits Maximum, when applicable. Benefit-specific Maximums may also apply.
Calendar Year Deductible	This is the amount you must pay before the plan begins to pay for covered charges, when applicable. Benefit-specific deductibles may also apply.
Late Entrant Limitation Provision	Payment will be reduced by 50% for Class III, IV, V and IX services for 12 months for eligible members that are allowed to enroll in this plan outside of the designated open enrollment period. This provision does not apply to new hires.
Pretreatment Review	Pretreatment review is available on a voluntary basis when dental work in excess of $200 is proposed.

Alternate Benefit Provision	When more than one covered Dental Service could provide suitable treatment based on common dental standards, Cigna will determine the covered Dental Service on which payment will be based and the expenses that will be included as Covered Expenses.
Oral Health Integration Program®	The Cigna Dental Oral Health Integration Program offers enhanced dental coverage for customers with certain medical conditions. There is no additional charge to participate in the program. Those who qualify can receive reimbursement of their coinsurance for eligible dental services. Eligible customers can also receive guidance on behavioral issues related to oral health. Reimbursements under this program are not subject to the annual deductible, but will be applied to the plan annual maximum. For more information on how to enroll in this program and a complete list of terms and eligible conditions, go to www.mycigna.com or call customer service 24/7 at 1-800-Cigna24.
